EXPERIENCE

Robertson Loia Roof, PC Architects & Engineers   April 2015-Present
Structural Engineer
- Worked as part of a project team collaborating with other disciplines (MEP & Architectural) to ensure accurate drawings to meet strict schedules.
- Performed structural design and analysis for new and renovation buildings according to the project's respective IBC and ASCE building codes.
- Created whole models in REVIT and AutoCAD to prepare structural drawings for construction.
- Reviewed structural shop drawings to ensure accuracy between the contractor and manufacturer.
- Carried out site visits to obtain a hands-on understanding of the progress and conditions around which the project was built.
